And MORE!!!

Hello!

Welcome to our Student Government information and activity book! Our Student Government consists of students from third to fifth grade and we met virtually every other Monday throughout the school year. Most of the projects we worked on were student-driven. It was a little challenging to come up with ways we could support our community in this Covid environment but we were able to do some really wonderful and fun activities. My favorite is the Valentine's Day video of cards for the Children's Hospital at Montefiore. If you would like to see the video, you will find it on our website: <https://ps14.org/index.php/student-government/>

We hope you enjoy our book! Have a wonderful summer!

Ms. Susy
Parent Coordinator

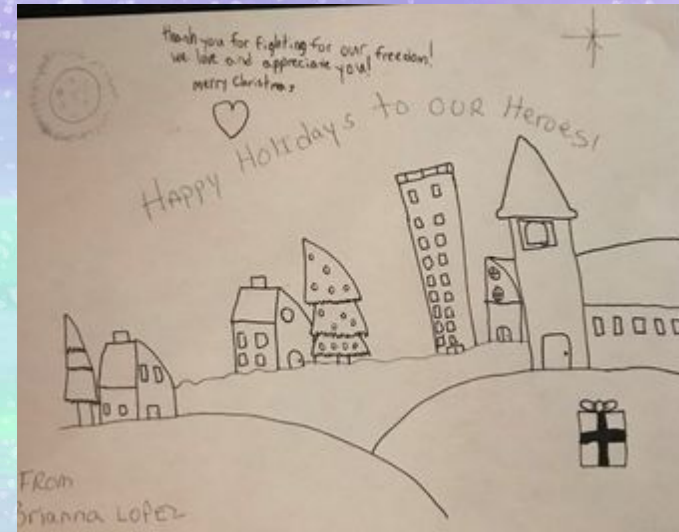

This activity book was put together by the P.S. 14 Student Government. We wanted to share the things we did during the school year, our art, poems, book recommendations and puzzles with all our fellow classmates and families. We hope you enjoy it!!

DECEMBER PROJECT

P.S. 14 Student Government shared their wishes to all our essential workers for a Happy Holiday.

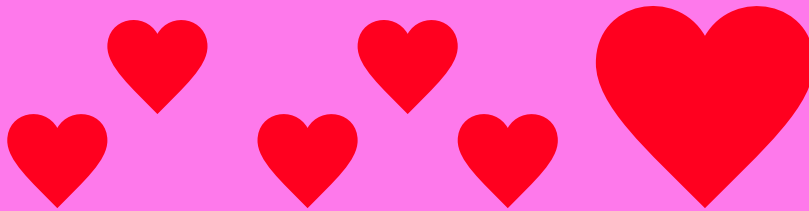

FEBRUARY PROJECT

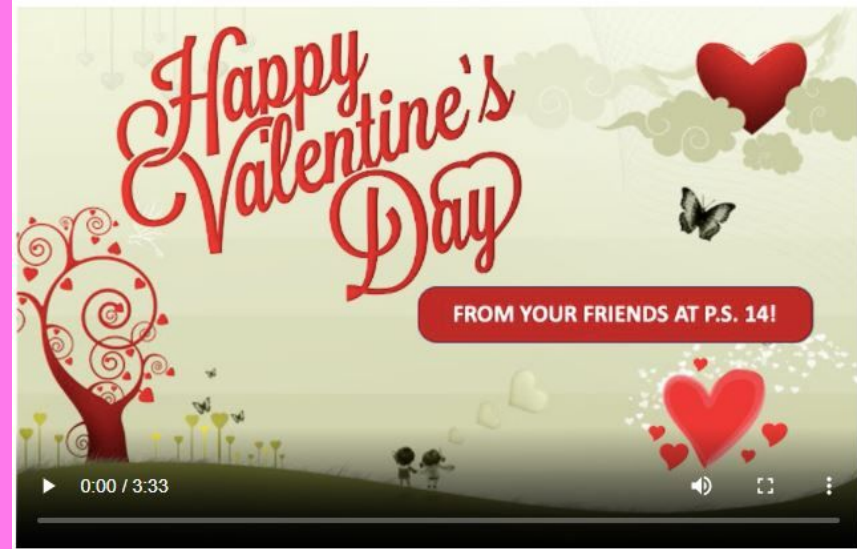

Valentine's Day Project

The Student Government and students of P.S. 14 created valentine's day cards that Ms. Susy put into a video to send to the Children's Hospital at Montefiore. The animation at the end was created by a 2015 P.S. 14 graduate and former CHAM patient, Joey DiCecco. Our video was played on the TV screens at Montefiore for the children and staff.

MARCH PROJECT

The NYC Department of Education (DOE) Disability Pride Visual Arts Contest celebrates the challenges and achievements of people with disabilities in their struggle for equity and equal access, opportunity, and inclusion. Students were invited to develop visual representations of what the phrase, **"Nothing About Us Without Us,"** means to them. This was our Student Government submissions:

I Feel the Music

By Aydalys Brito

I feel the Music

Night and day

I feel the Music

I feel it in my body

Rhythm

That's what I feel

There is a light shining down on me

I feel the music

That's what I feel

The music is telling me

Dance, dance, dance

I feel it now

I feel the music

I feel the rhythm

Sienna Acrostic Poem About Me!

Strikes, slide, homerun, I like to pitch and play many sports

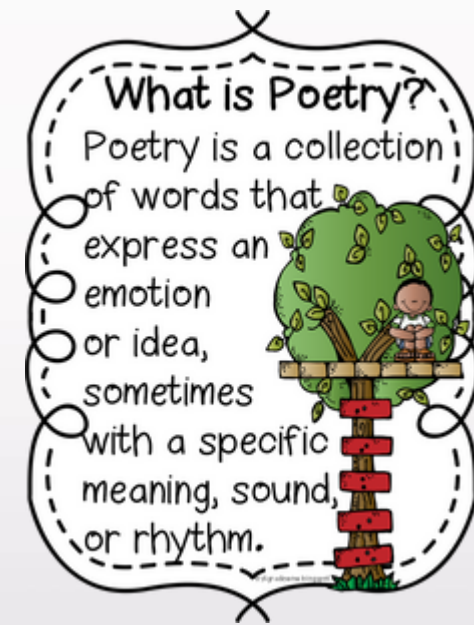

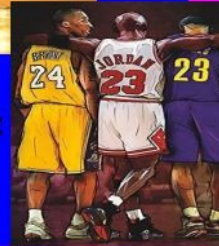

Intelligent and sports are kinda my thing

Extraordinary and I like to run

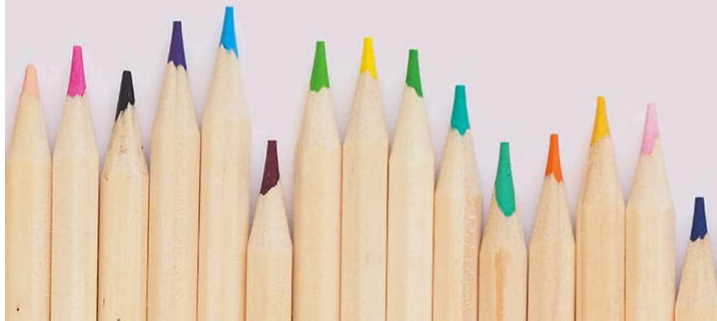

Never give up, always believe, and reach for the stars

Not only am I the only girl in the family I am also apart of a triplet

Active, adventurous, athletic and I love to try new things

POETRY FUN!

MS. SUSY'S ACROSTIC POEM – MY FAMILY

Mom, wife, sister, daughter are
Some of the roles I hold.

Strength, love, faith and gratitude
United together us four
Silly, funny, outdoorsy and happy
You see, that's who we are and more

Rainbows and music
are some of my favorites

I am calm too

My Favorite Book!

By Jayden Lopez

If you are looking for a good book to read this summer, I would recommend *The One And Only Ivan*, by Katherine Applegate. I read this book in Ms. Caputo's class. I really liked the book! This book is about Ivan, who is a gorilla. He was taken from his home, and put in a circus. He was not so happy there. Ivan made friends with the other animals and planned to escape. This story is based on a real gorilla. It's a movie too! Read the book and watch the movie! You will really like it!

My Favorite Book!

By Camila Almonte

I recommend the book *Stick Dog* for 2nd grade to 5th grade because it is a chapter book and the book is really funny. It is based on dogs finding food. The narrator says many funny things about one topic. For example, he talks about dogs reading *Stick Dog* and thinking about food.

So if you like hamburgers, hotdogs, and dogs this is a great book!

## Be Fearless and Just Believe

By Sienna Cerone

*Walked in the gym  
The floor like always felt like a bouncy trampoline  
The room as huge as can be  
Started practicing  
Crash, burn, failed for the first time on my new trick  
Try again and just believe  
Crash, burn failed once again  
"I can't do it! I just keep failing"  
The floor felt like it was springing back up at me  
You know what they say third time's the charm  
Succeeded "Finally"  
Just keep trying your hardest every time you go  
I realized I may have doubted myself a couple times  
But the success is to always believe  
and I can't give up on myself so easily  
The week flew by  
But I was fearless and I tried my best to believe  
Just know when you believe you shall achieve  
And try your hardest until you get it right*

# My Favorite Book!

By Sienna Cerone

The Sisters Grimm Series is great for all fantasy, mystery, fairy tale, and crime lovers. The Sisters Grimm is my favorite series because there is always something interesting happening. There is never one point where you will get bored, not want to read, and there is a lot of characters to follow as if you were watching a movie. Reading the Sisters Grimm makes it fun to read and you don't even hesitate to think about stopping. There are 9 books in total and I am even sad that it is ending.

The Sisters Grimm is about 2 orphaned sisters named Sabrina and Daphne who later get sent to live with their adventurous and mysterious grandma, who is Relda Grimm. Their grandmother lives in a strange place called Ferryport Landing where there is a barrier all around the town, people can get in but you can't get out. It is known for unexpected, unexplained and unusual crimes happening all the time.
